## HIGHLIGHT LASTS UPGRADE 05/24 (29/07/24)

### NEW APPLICATIONS FORD FOCUS IV

**GS1243** **Tecneco**  
The independent filters factory

#### FORD FOCUS IV

The new Ford Focus IV marks an evolution in the compact segment, with a modern and elegant design. The spacious and refined interior offers high-quality materials and advanced technologies, such as the SYNC 4 infotainment system and a range of driver assistance systems. Available with petrol, diesel engines and a mild hybrid version, the Focus IV promises fuel efficiency and low emissions. The ride is comfortable and responsive, thanks to a well-balanced chassis and optimized suspension. In summary, the Ford Focus IV combines style, technology and performance in a single

### NEW APPLICATIONS TRIUMPH SPEED TRIPLE

**OM151** **Tecneco**  
The recreational application filters

#### TRIUMPH SPEED TRIPLE

The Triumph Speed Triple is an iconic sport naked, renowned for its performance and aggressive design. Equipped with a 1160cc three-cylinder engine, it offers exceptional power and lightning-fast acceleration. The lightweight frame and high-quality suspension ensure precise and responsive handling. The Speed Triple is equipped with advanced technologies, including a traction control system, customizable riding modes and a color TFT display. The distinctive design, with LED headlights and slim line, underlines the sporty character of the bike. In summary, the Triumph Speed Triple combines power, technology and style in a motorcycle with extraordinary performance.

### NEW APPLICATIONS RENAULT TRUCKS KERAX

**GS1266** **Tecneco**  
The heavy duty application filters

#### RENAULT TRUCKS KERAX

The new Renault Trucks Kerax is a robust vehicle, ideal for the most demanding construction sites. Equipped with powerful engines and a durable transmission, it offers excellent performance on difficult terrain. The frame and suspension ensure stability and durability. The spacious and comfortable cabin features modern instruments and intuitive controls. Among the advanced technologies, the fleet management system and real-time diagnostics stand out. In summary, the Renault Trucks Kerax combines power, reliability and innovation, making it perfect for the construction sector.
