HIGHLIGHT LASTS UPGRADE 07/24 (23/09/24)

NEW APPLICATIONS HYUNDAI TUCSON III

AR1791PMJ **NISHIBORU**
The number 1 choice

HYUNDAI TUCSON III

The new Hyundai Tucson III is an SUV with a bold and futuristic design, characterized by a parametric grille and innovative LED headlights. The interior is spacious and technological, with a digital display and an advanced infotainment system. Available with petrol, diesel, hybrid and plug-in hybrid engines, it offers efficient performance and a comfortable ride. With cutting-edge safety systems, such as lane keeping and adaptive cruise control, the Tucson III is ideal for those looking for a versatile, safe and modern SUV.

NEW APPLICATIONS TESLA MODEL Y EV

CK1343-2 **Tecneco**
The independent filters factory

TESLA MODEL Y EV

The new Tesla Model Y EV is an electric SUV with an elegant and aerodynamic design, with high autonomy and brilliant performance. The minimalist interior includes a large central touchscreen display for controlling functions. Equipped with Autopilot and over-the-air software updates, it offers 5 or 7 seat configurations and a large load capacity, making it ideal for those looking for a modern and versatile electric SUV.

NEW APPLICATIONS FIAT 500X

GAS23 **Tecneco**
The independent filters factory

FIAT 500X

The FIAT 500X is a compact crossover that combines the iconic style of the 500 with modern and dynamic lines. Available with petrol and diesel engines, it offers a comfortable and pleasant ride. The refined and technological interiors include a touchscreen display compatible with Apple CarPlay and Android Auto. With driving assistance systems such as adaptive cruise control, the 500X ensures safety and practicality, making it perfect for those looking for a compact and distinctive car with a touch of Italian style.
