HIGHLIGHT LAST UPDATE 01/25 (13/01/25)

NEW APPLICATIONS EVO 4

AR1798PMJ **NISHIBORU**
The number 1 choice

EVO 4

The EVO 4 combines dynamic design, performance, and technological innovation. With advanced powertrains, including a turbocharged gasoline engine and a plug-in hybrid variant, it offers the ideal mix of power and efficiency. The interiors blend comfort and technology, featuring high-quality materials and a cutting-edge infotainment system with full connectivity. Safety is ensured by an advanced package of driver assistance systems, providing a consistently comfortable and secure driving experience.

NEW APPLICATIONS FIAT DUCATO

GS2137E **Tecneco**
The independent filters factory

FIAT DUCATO

The Fiat Ducato is the ideal commercial vehicle for those seeking robustness and flexibility. Available in various configurations, it is perfect for cargo transport, camper conversions, and professional solutions. Modern powertrains, including a fully electric version, offer excellent performance with optimized fuel consumption. The interiors are practical and comfortable, featuring an advanced infotainment system and excellent connectivity. With advanced safety systems and driver assistance features, the Fiat Ducato is the perfect partner for any business need.

APPLICAZIONI NUOVO MAN TRUCK

OL2216E **Tecneco**
The heavy duty applications filters

MAN TRUCK

MAN Truck vehicles are synonymous with robustness, efficiency, and innovation, designed to tackle the most demanding challenges in commercial transport. With powerful, low-emission engines, they deliver high performance while ensuring reduced fuel consumption. Each model is designed to provide comfort and safety for the driver, with a spacious cabin, advanced driver assistance systems, and cutting-edge infotainment. MAN solutions are ideal for business fleets, thanks to their reliability and durability.
