YAMAHA 125 TechMax

The new Yamaha XMAX 125 Tech MAX is a sporty scooter that combines dynamic performance with sophisticated design. Equipped with a 125 cc Blue Core engine compliant with EURO5 standards, it offers lively acceleration and efficient fuel consumption. The 4.2-inch color TFT display provides clear and comprehensive information to the rider. With a curb weight of 167 kg and a 13-liter fuel tank, it ensures agility and range for urban commuting and beyond. High-quality finishes and advanced technologies make it an excellent choice for those seeking comfort and style in everyday riding.

NEW APPLICATIONS AEBI TERRATRAC

TP105 **Tecneco**
The heavy duty application filters

AEBI TERRATRAC

The Aebi Terratrac is a compact and versatile tractor designed for safe operation on steep and challenging terrain. Its continuously variable hydrostatic transmission ensures precise speed control, while the four steering modes allow adaptation to different working conditions. The balanced weight distribution provides maximum stability, reducing tire wear. The articulated front axle enables mounted implements to follow the terrain profile with precision, enhancing work efficiency. Thanks to these features, the Terratrac is ideal for mountain agriculture and municipal applications.
