HIGHLIGHT LAST UPDATE 06/25 (03/09/25)

NEW APPLICATIONS POLESTAR 2 (P)

CK1274

POLESTAR 2 (P)

The new **Polestar 2** presents itself as a refined, high-performance electric fastback, designed for those who seek efficiency, design, and technology in one complete package. Available in rear-wheel drive (RWD) or all-wheel drive (AWD) variants, it offers up to **476 hp**, **0-100 km/h acceleration in 4.3 seconds**, and a **range of up to 650 km WLTP**, with fast charging up to **205 kW**. The interior is both elegant and sustainable, featuring **vegan materials** and minimalist finishes, while the **Android Automotive** infotainment system ensures full Google integration. Equipped with advanced driver assistance systems, the Polestar 2 blends **technology, comfort, and environmental responsibility** in an electric vehicle with a modern Scandinavian character.

NEW APPLICATIONS SUZUKI 1000 V-STROM

AM199

SUZUKI 1000 V-STROM

The **Suzuki VStrom 1000**, now updated as the **VStrom 1050**, is a maxi enduro designed for riders who love to travel without limits. Powered by a **1037 cc V twin engine** delivering around **99 hp**, it offers a smooth and solid ride both on the road and light offroad terrain. Equipped with the **Suzuki Intelligent Ride System (SIRS)**, it features **ride by wire**, **cornering ABS**, **cruise control**, and adjustable **traction control**. The chassis is well balanced, with a lightweight aluminum frame and a **22 liter fuel tank** that ensures a **range of over 400 km**. Comfortable even on long journeys, with an **850 mm seat height** and aerodynamic protection, the VStrom is a **reliable, tech forward, all terrain motorcycle** suitable for both touring and adventure riding.

NEW APPLICATIONS NEW HOLLAND T8-SERIES

OS106

NEW HOLLAND T8-SERIES

The **T8-Series** range from **New Holland** represents the perfect combination of high power, precision technology, and operational comfort. With engines delivering up to **440 hp** and the **Engine Power Management** system, it provides extra boost when workloads peak. The cab, among the quietest on the market, features the **SideWinder™ Ultra** armrest and **IntelliView™ 12** display, offering intuitive and customizable control. The **IntelliSteer™** automatic guidance system and **PLM Intelligence™** platform enable efficient, connected, and productivity-oriented farm management. Ideal for large-scale farms and professional contractors, the T8 is built for those who demand **reliable performance, operational precision, and digital integration** at every stage of the job.
