HIGHLIGHT LAST UPDATE 04/26 (08/05/26)

NEW APPLICATIONS CHERY ARRIZO 8

AR1828PM **Tecneco®**
The independent filters factory

CHERY ARRIZO 8

The Chery Arrizo 8 is a modern sedan that combines elegance and technology. It stands out for its dynamic design, with smooth lines and sporty details that give it a refined appearance. Inside, it offers a spacious and comfortable cabin, enhanced by advanced technological features and well-crafted finishes, designed to improve both the driving experience and passenger comfort. From a technical standpoint, it is equipped with efficient turbo engines and a smooth automatic transmission, ensuring solid performance and an enjoyable drive both in the city and on longer journeys.

NEW APPLICATIONS FORD EXPLORER EV

CK1299C **Tecneco®**
The independent filters factory

FORD EXPLORER EV

The Ford Explorer of the new generation is a modern SUV that combines robustness, technology, and comfort. Its design features bold lines and a prominent front end, giving it a dynamic and contemporary look. Inside, it offers a spacious and well-finished cabin, with a digital layout characterized by large displays and advanced infotainment systems designed to enhance the driving experience. Also available in an electric version for the European market, it delivers solid performance and high efficiency, making it suitable for both everyday use and longer journeys.

NEW APPLICATIONS VOLVO A 40 (DUMP TRUCK)

OL1495 **Tecneco®**
The heavy duty applications filters

VOLVO A 40 (DUMP TRUCK)

The Volvo A40 is an articulated dump truck designed for heavy-duty work on construction sites and in mining operations. It stands out for its robust structure and large load capacity, making it ideal for transporting materials over rough and uneven terrain. Thanks to its all-wheel drive and articulated chassis, it ensures excellent maneuverability even in extreme conditions, maintaining stability and safety during operations. The powerful engine delivers high performance, while advanced control systems improve efficiency and productivity. The cab is designed to provide operator comfort, with intuitive controls and good visibility, making the Volvo A40 a reliable and high-performing machine for intensive professional use.
